PROVISIONAL RESULTS

RISING SUN RALLY 1992

Round 5 - Victorian Rally Championship

Dear Competitor,

Thank you for competing in the 1992 Rising Sun Rally, the first event of this type to be conducted by the Nissan Car Club Australia Inc.

I hope that you enjoyed the event, the format, the challenges provided by the forest and the sense of achievement in overcoming them. Despite thunderstorms we were able to run almost the entire event with a lack of major incidents or problems.

Because of our relative inexperience in organising this type of event, we would like to hear from you about what you regard as things that are worth repeating and also things that could be revised. (For instance, already it is determined that future events will not use the roads of Special Stage 8.)

Attached are the provisional results supplied by Ken Cusack, to whom many thanks are due, not only for his job in scoring, but also in his assistance leading up to the start. The results become final on Monday, 14th December in the absence of any protests.

The presentation of awards and trophies will take place at the February meeting of the Nissan Car Club on Friday, 8.30 pm, 12th February at We have just had word today that our usual meeting venue will no longer be available, so we will let you know where the presentation will be as soon as we find a new home.

Thanks are due to many people who kept this event on the rails both before and during the day. To name them would make this too lengthy, but to all of my key officials, control and access officials, zeros and sweeps, and to the radio network of WICEN my sincere appreciation goes, as I am sure does yours for the smooth way in which the event functioned.

Thanks also goes to our sponsors, some of whom set about winning their contributions back again. I hope that you will support them in the future.

This is no longer lost, but found. If you know who it belongs to and can offer an accurate description of it, you can claim it by contacting the Director.

One black Akubra hat

One Seiko watch

AND FINALLY.....

A special word of commendation to everyone (almost). Our clean up on Sunday revealed an absence of rubbish left by almost everyone, making not only our task easier but ensuring that we will be welcome again. To the service crews at the service points, spectators and officials who picked up what was left a big thank you. There was only one place in the oval where the nearest tree had become the rubbish dump of a crew nearby. Everywhere else was tidy.
