Dear Competitor,

The Car Club of the Royal Melbourne Institute of Technology has pleasure in presenting to you the Provisional Results of the 18th Annual George Derrick Memorial Trial. They are published on Thursday, March 11th and will become final if no protests are received by Wednesday, March 17th. Please note that following discussions with the club steward, all penalties on Section 4.16 have been deleted due to the non-visibility of an information board which apparently fell down.

The Directors were generally pleased with the event and our only real disappointment was the relatively small number of finishers. Without a doubt the event was very difficult and certainly long and arduous but we believe the concept has a definite place in the sport. But what of next year? It would seem likely at this stage that a similar type of event will run on the Anzac Day long weekend. All other details including the area and championship status are open to discussion. Please, if you have any construction comments about the event or what we should do in 1977, let's know your ideas.

Finally, the presentation of awards will take place in the R.M.I.T. Staff lounge. (enter RMIT off Latrobe Street, then second entrance on left and up 2½ flights of stairs) on Friday, April 2nd?

We are indebted to our sponsors for the quite lucrative awards that have been won. In particular, a special thanks to our major sponsor: AUTOGLASS (next time you a friend breaks a windscreen, you know where to go, and don't forget to mention the Derrick!) Also thanks to Rallyquip, Raceproved-Mobelec, Ansett Airlines of Australia, Gil Davis Preparations, Western Motel Hamilton and Yalumba Wines for all their valuable support. The dealers in the Hamilton area also deserve our thanks for their support.

Perhaps the most important thank you must go to the many officials who in many cases travelled such a long way to help. Without them we would not have had an event.
