Dear Sir,

We are writing to you to put forward our proposal for a car rally to be held on Saturday 15th November 1997

The event, the COMMENCEMENT RALLY, will be organised by the MELBOURNE UNIVERSITY CAR CLUB Inc., in accordance with the requirements of the Confederation of Australian Motor Sport.

We ask your permission to use the roads as shown on the attached map. The route used by competitors, both competitive (red) and transport (green) sections, is shown, along with control locations.

There is no provision for spectators as the event is intended to be a novice one.

As with our running of rallies in the area in previous years, we will be spending the Sunday after the event working on any sections of road which may require it.

We look forward to your response to our proposal, and would appreciate a prompt reply to assist with our organisation of the event.

Yours Sincerely,

Geoff Byron
CAMS Area Coordinator.

Brian Fleming
Director

Dear Mr. Fleming

COMMENCEMENT RALLY 1997

Thankyou for your letter dated 15 November 1997. Sorry to hear about the cancellation of the event due to some unforeseen reasons. It is not very often that we receive such letters from clients in these circumstances. To show our appreciation, please feel free to contact us at any time to help you organise an event in the future. The recommended time allowance for a large events is usually three months. The three months allows our Forest Officers to fully assess all tracks and routes in the area, if tracks are to be sticken, they can then find another track that will keep the rally moving in the right direction with little alteration.

Again, thankyou for your kind letter and please feel free to call me at any time to discuss any future events or hold an area aside for a future event. My number is (03) 5444 6613.

Yours sincerely

Dear Brian,

I am following up on our phone call regarding the rally at Costerfield on September 19. As discussed we will be attending to videotape a sequence for the documentary |Rush which is being produced by Stella Motion Pictures for ABC - TV. One of the subjects of the documentary, Mark Leggiery, will be competing in the rally. The documentary crew will consist of Philippe Charluet (producer /director /cameraman), Keiran Weir (director's assistant) and Chris Izzard (sound recordist), and they look forward to meeting you. Philippe would appreciate any advice you can give regarding the best vantage points along the rally route. Thank you for your offer to send us an information kit and if you have any enquiries please don't hesitate to call me on 03 9555 9992

Thank you,

Kind regards,

Kim Anning
