1998 BEGONIA RALLY

PROVISIONAL RESULTS 28TH NOVEMBER 1998

Thankyou for your involvement with the rebirth of the almighty BEGONIA rally, this rally has become a classic in its own right and the Ballarat Light Car Club were very pleased to bring this great event back after a few years off.

The event was to run on the 14th November, but due to rain and lots of it, the event was cancelled and rescheduled for 2 weeks later on the 28th November. The heavy rain on the 27th November almost took the event out again, but with some begging and the loss of 2 stages the event went ahead. The weather cleared, the roads were in excellent condition, and the event was a success on the road.

Officials were the hardest to find due to the rescheduling and some stages were almost not going to run on the day unless officials were found to man these stages. This is where I must thank those very FEW people that stepped forward to help out and a very special thankyou to Dave Schneiders and Mike Stiglich who received the ultimate insult, not only did they start the event as competitors, they blew up the diff on their commodore on the very first special stage then they came and offered their assistance so that every other competitor could enjoy the rest of the event and then watched them all go by on their road closure points (how exciting would this be, when you could have been there?). Also Mary Leach, who was part of the service crew for Danny Murphy, for manning the first regroup at the Club rooms and totally missing out on seeing the first stage around the airfield. THANKYOU to ALL the officials that helped out.

As if officials aren't hard enough to find, I get reports back of very unfriendly, arrogant, better than everyone else and plain rude competitors towards my very hard to find officials. These competitors (and there are only a few) should be ashamed of themselves and should be asked to run an entire event and secure all the officials required!. What about if we get the officials to rate the competitors instead of the competitors rating the officials?. Enough said. Although to the majority of courteous, friendly and grateful competitors, a big thanks to you and your certainly welcome back again

A competitor who had stopped (due to a mechanical breakdown) in an awkward position was also very inconsiderate towards other competitors, this crew should have put out their safety triangles as soon as practical instead of waiting for a few cars to pass (sometimes dangerously) and being reminded to put their triangles out also. They have been reprimanded for this occurrence and I write this as a reminder that we are ALL part of the event and if the shoe was on the other foot would we be the first to complain?. Please remember your obligations when you are a competitor!!!

Enough of the bitching, lets get into the nitty gritty, the Begonia had the biggest VRC field for the year and what a fight it was going to be. The top ten went out hard and paid the price, car 1, Graeme Gambold/Chris Randall Celica GT4 had turbo problems from the start and blew her up completely in stage 5, car 2 Graeme Alexander/Dave Stewart Lancer RS were a mile in front when they braked hard for the spectator point in stage 5 and broke the disk and caliper of the strut. Car 3 Mike Reeves / Paul Tirant Evo 3 also had their turbo cry enough on stage 3, car 4 Brett Thompson / Rob Vanderee in a VR4 give up on stage 3 with no Brake fluid in their Master Cylinder, Car 6 Simon Evans / Sue Evans had the diff fall out of the rear end of the Datto in stage 6, this lost 5 of the top 6 before halfway. So the fight was now on between Phillip Messer / Rachel Bruty and Craig Morris / Jenny Cole to see who would be first over the line, whoever won this event would also win the VRC championship for the year (talk about pressure). Group N was also wide open with Martin Grigg / Chris Tait needing to beat the Reeves/Tirant and David Nutter / Roslyn Martin combo's, which they did. Steve Poore / Matthew Birchall took out the Novice award by a mile and also secured their championship position. PR4 class was going to be a tussle from the start, but when Ross and Ashley Fraser crashed out in stage 6, Chris Walters / Janine Schneiders belted a tree big time, Chris Lowe / Chris Storer blew up their diff on the second last stage and not to forget Dave Schneiders / Mike Stiglich who blew up their diff on the first stage. Glen Cugley with Tassie co-driver Zara White in their Bimma M3 along with the Pedders ute pushed the winning PR4 crew hard right to the end.

PR3 went to Mark Roberts / Simon Ellis in a trusty old Datto 1600 grunter, pushed hard all the way by Andrew Pannan / Peter Mignot in yet another Datto. The next to baby class in PR2 was again taken by the big man in the little car with a well deserved PR2 win, Murray Rogers / Graeme Orr tried hard to take this away from Brian and only failed by 47 seconds. And the real baby class in PR1 was taken easily by Sam Vaughan / Greg Foletta in their Suzuki swift. Finally our one and only HRC contender, Alan How / Cindy How in their BMW 2002 finished well in 34th spot when they started at 56.

Thankyou to Stephen Loft who did 2 road closure points throughout the day and also took along his video camera and shot about 10 minutes or so of Begonia action, I have been privileged to check this out and can assure you that there is some good stuff of most of the competitors. Anyone wishing to get a copy of this will need to give Steve a call on 51221139 and I'm sure he will also throw in some film of the 98 Rally in the Valley, 98 Strezlecki stages, 98 Rally of Melbourne a little bit of the 98 Bega rally in NSW and some other Rally stuff. (It's a great video for die-hard fans)

I sincerely hope that all competitors had a great time, all the service and chase crew/s didn't get lost and were where they needed to be on time every time. And again a big thankyou to officials for the hard work and the time taken out of their day to give to others.

A special thanks mate to a few that worked hard to make sure it happened, my "000" car with Scott Mann and Tim Collins, they put up plenty of bunting and cleared the road in a few places, to "00" car Mike Cains and Alan Patterson, they fixed any problem they may have come across with no fuss, my "0" car in Darren Windus and Mike Bruce for putting on a show, even with a broken hand, my 2 sweep cars Andrew McMaster/Trevor Ryan and Glynn Shevels /Andrew Dugan, the local SES for supplying the people and the radio network at real short notice. Ken Cusack for just being Ken and always positive, Phil Coghlan from the BLCC for being a Miracle man and making things happen without question and every other helper no matter how small and insignificant they may seem, BUT especially to Matt Storer and his now wife Rebecca for their vision and hard work to get the Begonia Back again.

Apologies for the lateness of these results, I did have a big slack attack after the event for a few days and then a short wait for confirmation that the Begonia presentation will be a part of the 1998 Victorian Rally Presentation Dinner on the 12th February. See the flyer attached and stick it to the fridge to remind yourself of the biggest day in Victorian Rallying, get your tickets early, call Danny Murphy or Sue McCready, see you all there.
