WWW.ALPINERALLY.ORG.AU WWW.HRA.ORG.AU

### THIS GUIDE IS PRESENTED BY

AND THE HISTORIC RALLY ASSOCIATION inc.

### **PUBLIC INSTRUCTIONS**

- 1. Public are directed to view the cars whilst standing within the markers indicating the limits of the controlled public area. Spectating outside those areas indicated is prohibited.
- 2. Public must not stand in prohibited areas, and must stand at all times behind the bunting, tape or barriers which mark the public area.
- 3. The instructions of the Spectator Marshals must be obeyed. The Spectator Marshal has the power to have a stage postponed until the Public View Point is controlled to their satisfaction.
- 4. It is prohibited to ignore the public instructions and find your own way around. Not only is there a danger of meeting up with an oncoming rally vehicle, but many roads have washaways, collapsed bridges, etc. which are potentially hazardous for the driver. The main public route has been surveyed and is safe.

### Do's and Don'ts of Spectating (Please Read)

- Cars under competition conditions can lose control and leave the defined road at any time. Do not stand in any areas which are not authorised or which are contrary to the advice of the organisers and officials/marshals.
- 2. Be prepared. Weather wise, bring hats, ground cover, sun screen and protection in case of rain or cold weather. Neither food or drinks will be available at the Public View Points so ensure you have your own foods and drinks available.
- 3. Park your car sensibly so that it will not obstruct emergency vehicles, competitors, service crews or other members of the public. In all cases obey parking instructions given by the supervising officials. It is usually best to park with your car facing the way out.
- 4. Do not try to emulate rally drivers. Remember that if you give cause for complaint it will reflect badly on the rally and the sport as a whole. Drive carefully both to and from public viewing areas, and be ready to give way if necessary on narrow stretches of road.
- 5. Please do not take dogs or young children to Public View Points. If you have to, make sure they are completely under your control and please

- make sure that animals and children do not get in the way of competing cars or mechanics or officials when they are working.
- Do not light fires or smoke in the forests. Do not smoke near a car that is being serviced or refueled.
- 7. At all times keep clear of controls, including from the timing marker to the control areas. If control officials ask you to move, please help them by doing so remember they have a job to do which can be difficult enough as it is. If you do want to see a control point in action, remember to stand well back from the control area.
- 8. Take all your litter and belongings home with you or place them in the bins provided. It is handy to have your own rubbish bag or carton in your car. Cans, bottles and paper do NOT beautify our forests. Do not ever leave your rubbish on the ground.
- At service points do not crowd mechanics when they are working. They would not appreciate it. Neither will you if someone drops a wheel or a sumpguard on your foot.

#### **DISCLAIMER**

### **EXCLUSION OF LIABILITY, RELEASE AND ASSUMPTION OF RISK MOTOR SPORT IS DANGEROUS**

In exchange for being able to attend or participate in the event, you agree:

- •to release Confederation of Australian Motor Sport Ltd ("CAMS") and Australian Motor Sport Commission Ltd, promoters, sponsor organisations, land owners and lessees, organisers of the event, their respective servants, officials, representatives and agents (collectively, the "Associated Entities") from all liability for your death, personal injury (including burns), psychological trauma, loss or damage (including property damage) ("harm") howsoever arising from your participation in or attendance at the event, except to the extent prohibited by law;

### **READING THIS GUIDE**

**IN WELCOMING YOU** to the running of the Historic Rally Association Inc (HRA) Alpine Rally of East Gippsland it's important to stress that you'll enjoy your spectating so much more when you follow the instructions contained in this guide.

The Spectator Marshals and other Rally Officials out on the course are there to help you and keep you safe. Many of them are current or past competitors to they are well experienced and their advice should be taken.

Please understand that regardless of how the diagram at a particular spectator point looks, and where it shows you may stand, **the actual layout of the point must be respected.** 

Things change and it may be neccesary to alter the layout in order to maintain a high level of safety. Never go beyond the tape and please don't try and 'push' the tape to gain an extra metre of viewing space. Remember, the Spectator Marshals have the power to suspend the stage if the spectators are in unsafe positions. Please obey them, they have your safety very much in mind.

Regarding the Route Charts - the instructions to take you from point to point. All road signs in <u>brackets</u> eg: (ROCKY RIVER RD) are in a direction NOT TO BE TAKEN and are included only to guide you.

For example:

DISTANCE	INSTRUCTION	ADVICE / INFORMATION / SIGN	EXPLANATION
12.6	Turn Right	RED FOREST TK	No brackets - sign is for the direction to be taken. <b>Turn on to Red Forest Tk</b>
13.3	Straight On	(ROCKY RIVER RD)	In Brackets - sign is NOT for the direction to be taken, but for your information only. Continue on current road.

All distances are in kilometres. All distances are cumulative, never intermediate. Do NOT zero your trip meter after each instruction. Zero only at the beginning of each route chart.

Please take your rubbish home with you or place it in a rubbish bin.

### **Facilities**

Point 2 (Friday) has toilet facilities and catering. There are NO Toilet facilities at any of the other spectator points. Please carry your own supplies and take your rubbish back out with you, thank-you.

- Spectate safely. Take care where you stand. Consider your own safety and that of others.
- Deck chairs may not be allowed in all the viewing areas. No Deck chairs at point 6 due to restricted space.

### **RUNNING ORDER**

Car <u>numbers</u> will stay the same throughout the event.

Friday: Cars will start in the published starting order which is, with a few exceptions, numerical order.

Saturday starting order will be largely determined by the placings after Friday's 4 special stages. Organisers will put faster crews up the order even if they have poor results on Friday, perhaps due to mechanical problems.

Sunday starting order will be based on overall placings after Saturdays stages. Again though, fast crews who are down the order, perhaps re-joing after missing some of Saturday's stages will be placed in the field higher up the order.
