Dear Glenn

ACCESS THROUGH CATCHMENT AREA DURING 1993 AUSTRALIAN RALLY CHAMPIONSHIP

I refer to your letter of 5 October 1992 relating to the above subject, and wish to advise that approval is again granted for you to use the section of Road 9 between Archers Hill and Dom Dom Saddle as a transport section on the same conditions as previously, including:

- 1 The gates at either end of this section of road will be manned by Melbourne Water employees, as required by your club.
- 2 Payment before the event of \$250.00 to Melbourne Water. This amount includes an allowance for 4 hours supervision of the event. There will be an extra charge if additional supervision is required.
- 3 Melbourne Water is to be indemnified against any liability for road conditions or any other issues arising out of the club use of this section of road. The attached indemnity form must be signed and returned to Melbourne Water prior to the event.
- 4 Your club will reimburse Melbourne Water for any repair required to the road surface, drainage or any other reinstatement required arising from the use of this road for the rally.

After notification in writing of the acceptance of these conditions, forwarding of a cheque for \$250.00, and return of the signed indemnity form you can finalise arrangements for the use of this road with Melbourne Water's Supervisor at Healesville, Mr Keith Reynolds (059) 62 4288.

Best wishes for a successful rally.

Regards

Frank Lawless
