

PORTER'S PAINTS LONGEST NIGHT RALLY

Welcome to the Westmeadows Tavern & the start of the Porter's Paints Longest Night Rally.

Once you have received your instructions and maps you may commence plotting.

Meals are being served from 4.00pm. Please present the dinner voucher to the server to receive your meal. Get your meal early as this will assist the hotel staff (they still have their normal meals to serve after we leave) and it cuts out the last minute rush at the end.

The Dinner voucher you have been given entitles you to a main course from the carvery (vegetarians etc have been allowed for, just ask at the counter). If you require any other food/drinks (NOT ALCOHOLIC!!) they can be purchased at the bar/counter.

Make sure that your vehicle is fully fuelled before you start (there are several service stations just to the South along Mickleham Rd).

There will be a briefing, inside, at 4.45pm.

At 5.50pm you may start lining your vehicles up at the Western entrance to the car park. Please do not block the entrance, or hotel patrons from getting access to the car park! You may line up in any order, first come - first served, please do not jump the queue!

NOTE: If you have not had all the paperwork done, had all your licences checked and affixed the panels/numbers your road card will not be issued!

The first vehicle will depart at 6.00pm, with vehicles despatched as fast as the Road Cards can be handed to you.

Please make sure that you do not stay inside plotting until 6.30pm or you WILL be late at the first control!!

If you have any queries please see me, Sue or Peter Fraser. Please do not annoy the Book-in officials.

Good luck on the event.

Phil, Sue & Peter
