The Directing Team would like to wish all competitors the best of luck. You'll find the roads good and fast, in general, but please remember to drive within your limits! All cautions marked in the Route Instructions may not have Caution Boards at that location, so read your Instructions carefully and take heed! Also watch out for sudden changes in the road surface; be prepared for the RED CLAY; if you hit that to crossed up you'll end up in the bush, (and it might not be the right way up!).

GOOD LUCK! The Directing Team.
