ADVICE:-

Not much for the co-driver on this one, just hang on and follow the main road. Pity it is at night as the scenery along this main shire tourist road is spectacular.

A real drivers stage.

ADVICE:-

The last stage of the event. Starts off the same as SS6 but instead of turning right at Cumulative 3.79 you continue straight ahead along what would have to be one of the best rally roads in the state.

Make sure you have some brakes left for the finish.
